

RIFLED THE REGISTERED MAIL

Six Robbers Held Up Great Northern Fast Mail Train Near Spokane

AMOUNT OF BOOTY TAKEN NOT KNOWN

One Report Says that More than Twenty Thousand Dollars was Secured—Bandits Cut Off Postal Car and Ran it Two Miles from Balance of Train—Passengers Not Molested—Road-Offers Big Reward.

Spokane, Wash., May 16.—After the holdup of a Great Northern passenger train by six bandits between Colbert and Mead, last night, twelve persons were injured when the locomotive and the mail car, cut off from the rest of the train, ran back with the bandits and rided the mail of an unknown amount, and collided with the rest of the train, which had been left standing where the bandits got possession of the train.

Having taken the detached mail car down the track a considerable distance, the robbers loaded the registered mail and, reversing the engine, sent the locomotive and the mail car crashing back into the passenger coaches.

The conductor saw the wild car backing down the track at 15 miles an hour, and he and another trainman placed a tie on the track to stop their flight, but the car, though partly stopped by this means, plunged into the coaches, throwing passengers from their seats and cutting them with glass from the broken windows. A trainman, never to the track, sprang about the locomotive as the collision occurred and shut off the steam, stopping the havoc.

Bandits Sprang into Cab. When the train reached Colbert late last night some switching had to be done. While the engine crew was busy at this work, two men sprang into the cab and, thrusting revolvers against the bodies of Engineer William Miller and Fireman John Hall, ordered them to do as commanded. The engineer and fireman complied, and the mail cars were cut off from the rest of the train by four other robbers.

Passengers Knew Nothing of the Hold-up.

Conductor C. L. Robertson had a brakeman cut in the telephone wire to

send word to Spokane. While he was busy telegraphing, about a half hour after the locomotive and mail car had been separated, he saw the powerful locomotive careening towards the coaches, in which many persons were asleep, for the robbers had acted quietly in seizing the mail car. Many of the passengers knew nothing of the holdup until awakened by the collision, which was caused by the quick work of the trainmen.

No One Fatally Hurt. As soon as Robertson realized that a collision was imminent, he called on the brakemen and porters to aid him. While the conductor and another man threw a tie across the track, a brakeman stood ready to board the cap as soon as the shock of the collision checked the impetus of the wild locomotive. The mail car was partly derailed by the tie, and the wheels plowed into the ballast while the steam impelled the locomotive wheels to whirl on the rails. The brakeman was instantly killed, and the engine and mail cars were hurled into the coaches, throwing passengers from their seats and cutting them with glass from the broken windows. A trainman, never to the track, sprang about the locomotive as the collision occurred and shut off the steam, stopping the havoc.

Clinton, Mass., May 16.—John Kelley and John Lobbes were instantly killed tonight in a grade crossing accident, when the locomotive drawing a train from Pittsboro to Ostrum, ran over the bodies of the two men, who were crossing the tracks at the crossing.

Squabbling the Cause of it. A magistrate who has taken upon himself the difficult task of adjusting domestic troubles says that petty squabbles over money more than any other cause lead to domestic violence.

Schooner Pulled Off Uninjured. New Haven, Conn., May 16.—The British schooner R. L. Tay, which was ashore just outside the harbor here last night, was hauled off today. The schooner was not injured and was bound from St. John for this port.

Strike of French Postmen Practically Dead. Paris, May 16.—The postal strike is now practically dead. The government officials announce that only four hundred men are out and these are expected to return tomorrow. At a meeting tonight three thousand postal employees listened to violent harangues from labor leaders, who prophesied that grave events would happen tomorrow in the direction of action by the postal workers. A resolution was adopted that the struggle be continued to a finish.

Whitehouse, of New York, one of the necessary qualifications for a pilot's license, was made today in a drizzling rain. Rising at 3:15 a. m., the air currents carried the balloon Greylock over a varied course to Sunderland, Vt., an air distance of 27 miles in exactly two hours. The landing was effected without mishap on a farm in that town.

Annual Y. M. C. A. Service. Second Church Filled to Hear Industrial Secretary of Town of New York.

—Reports by Local Association Officers.

A large congregation attended the annual public Y. M. C. A. anniversary service Sunday evening at the Second Congregational church, the other churches in the center of the city having closed to attend this union service.

Dr. L. L. West, pastor of the church, conducted the service. Prayer was offered by Rev. C. C. Wright of the Central Baptist church. Rev. E. S. Worcester of Broadway Congregational church read a scripture lesson.

President A. A. Browning of the association then presented his annual report, speaking, as he said, to a congregation of his friends, his workers and his contributors, to all of whom he extended thanks for their helpful parts in the work of the year. He paid a high compliment to the women's auxiliary, without which, he said, and the aid which it furnished, the association could not be carried on as it had been conducted. The annual meeting had been an encouraging one, as it showed all current bills paid and a small balance on hand.

Referring to the criticism sometimes heard of the location and arrangement of the building, he said that years had proved these quarters as well founded, as the income derived from the room and board in the interim it is believed he disposed of his gain.

Rodgers, it is said, is much feared as he threatened that before he left town the citizens would know he was around. He was in police court last night, charged with the same offense.

On Friday afternoon from 1 until 1:30 o'clock the body of Irving E. Hill lay in state at the Masonic temple and many took the opportunity of viewing the remains. At 2:30 o'clock a public service was held at Masonic temple at which Rev. Joseph F. Cobb, pastor of the Universalist church, officiated. He read two poems, Crossing the Bar and Blessed Are They. He also made an address in which he spoke words of comfort to the family of the deceased and gave a most fitting eulogy referring to the many virtues of the deceased and stating that he had made the most of his opportunities and led a model life. The services were held in the lodge room. Mrs. George W. Beebe sang Abide With Me. The bearers were James Fitzpatrick, William W. Ives, Herbert M. Leroy and Daniel F. McNeil, members of the local Masonic lodge. There were many beautiful flowers and a large standing cross from the head office of Armour & Co., of Chicago, and a large banner from the local office of the same company.

Mrs. Webster died at her home in Palmerton on Friday, May 14, after a short illness. She had been ailing for some time, but her illness had been considered serious for only a few days. She was a native of Preston, being the daughter of Mr. and Mrs. James Andrews. Her maiden name was Mrs. James Andrews. Her husband had been a member of the local Masonic lodge.

Shooting Affair Never Such At Willimantic

At Willimantic

POLICE HASTENED TO THE SCENE IN AUTOMOBILES.

TATFVILLE MAN INVOLVED.

Two Shots Fired at Antonio Revello by Donemonec Rodgers, a Section Hand—Both Men Arrested.

(Special to The Bulletin.)

Willimantic, May 16.—As a result of a shooting affray near Jackson place this afternoon at 5:30, two Italians are locked up at police station. Donemonec Rodgers, 26, a section hand, is charged with assault with intent to kill, and Antonio Revello, aged 27, of Tatfville, is held on the charge of carrying concealed weapons. Rodgers is alleged to have fired two shots from a revolver at Revello. Both bullets went wild of their intended mark.

Headquarters were notified and Captain Richmond and officers were soon on the scene in automobiles. They located Revello in an Italian grocery store on Jackson street. A revolver was found on him and Policeman Griener took him to police station at 6:30 o'clock.

Captain Richmond and officers accosted the neighborhood, but could not find the other man. There were many who claimed to have seen him flee, but all were loath to admit his identity, being thoroughly frightened because of contemplated Black Hand agents. A number of witnesses have been found who saw the shooting and can identify the man.

Upon information it was assumed Rodgers was the man wanted and Policeman Griener nabbed him as he was about to go to his room at the Irving house and took him to headquarters at 8:15. He stoutly denied his complicity in the shooting, and in the interim it is believed he disposed of his gain.

Rodgers, it is said, is much feared as he threatened that before he left town the citizens would know he was around. He was in police court last night, charged with the same offense.

ALCOHOL UNDER OTHER NAMES.

Light Shed on Various Temperance Beverages in England.

A board of experts has recently made its report to the British government on the temperance character of various drinks sold in the United Kingdom. It finds that many of the most popular beverages coming under this category contain all of the way from two to twelve per cent. of alcohol. The British taxation laws take no cognizance of beverages containing less than two per cent. of alcohol, but three-quarters of the samples of temperance drinks examined by the board far exceeded that proportion.

Some apparently herb beers were found to contain as much alcohol as claret or Rhine wine. The English public has been greatly surprised by this report, and its capacity for self-deception is proof that England has had no experience worth mentioning with "atomachic bitters."

Our government, on the other hand, as a result of investigation some years ago, found that gin by another name was drunk in quantities that defrauded the internal revenue.

Looked to by the Civil Branches of the Government to Deal Promptly with Factions or Persons Dangerous to the New Order of Things—Adana Disorders in Process of Solution.

Constantinople, May 16.—Mahmoud Scheffket Pasha, commander of the Turkish constitutional forces, both land and sea, is the man most frequently in the thoughts of those observing or dealing with the confused politics of the day in Turkey. He is the one quiet figure upon whom rests the preservation of order, and the civil branches of the government look to him to impose their liberal rule upon the empire and to deal promptly with persons or factions dangerous to the state.

Foreign Military Men Amazed.

The skill and celerity with which General Scheffket brought the third army corps and part of the second army corps before Constantinople, and occupied the capital has amazed the foreign military men here.

General Scheffket has been something of a man of mystery, his impression he has been taking trouble in recent days to remove.
